**DETAILED ACTION**

***Claim Rejections - 35 USC § 102***

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Claim 9 is rejected under 35 U.S.C. 102(b) as being clearly anticipated by Tilton et al (US 2003/0085815) (see figures 7-12).
3. Claim 9 is rejected under 35 U.S.C. 102(b) as being clearly anticipated by Glotin et al (US 3,939,705) (see figures 2 and 8).
4. Claim 9 is rejected under 35 U.S.C. 102(b) as being clearly anticipated by Meynier (US 5,355,952) (see figures 2-4).

***Response to Arguments***

5. Applicant's arguments filed 12/16/2008 have been fully considered but they are not persuasive. Contrary to applicant's argument, claim 9 still does not distinguish from the applied references and it does not include the allowable subject matter of claim 2 or 3 as applicant argues. The limitation that makes claim 2 or 3 allowable is the movement of at least one power connector from a first unaligned position to a second aligned position as the power connector descends toward the second power connector. This limitation has not been added to claim 9.

***Allowable Subject Matter***

6. Claims 1, 3-8 and 22-24 are allowed.

***Conclusion***

7. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
